

AMERICAN CENTER SUPPORTS PERSONALITY DEVELOPMENT CLASSES AT SIR SYED GROUP OF SCHOOLS

"I have now the confidence of placing my views in front of an audience." These are the words of a student of Sir Syed Group of Schools who, supported by the American Center, attended a 6 week course of Toastmasters International. The course has not only helped him to be more confident while speaking in English but has helped him enhance his personality and realise his potential.

Speaking on the occasion, the new Director of the American Center, Mr. Jeff Roen said he was amazed to see Urdu and Hindi medium students speaking confidently in English. Distributing certificates to those who have completed the course, Toastmasters Abdul Rahim and Varun said that they were happy to help these students become more confident speakers and make their presence felt in the world.

This course was conducted for the students of Urdu Medium schools - Sir Syed Group of Schools and Badshah Khan Centenary High School; students of Hindi Medium School - Adarsh Vidyalaya and others. Toastmaster Abdul Rahim said that this was perhaps the first time that such a course was being conducted for Urdu medium students and it would be really beneficial if such courses are conducted in other such schools. After attending the Toastmasters course, the students have developed a strong self-identity and have overcome their hesitation and fear to put across their views to an audience.

The entire team at American Center witnessed the 6 week transformation of stage-shy students to confident speakers with strong delivery and good diction. Toastmasters has not only taught them how to speak but has given them a fresh perspective of life which they will always cherish.
